### **Policy Document on the Green Campus:**

**Green Campus:** A Campus where environment friendly practice and educational activity are coordinated to promote sustainable eco-friendly activities. The green Campus concept offer an institute the opportunities to established sustainable environment by creating co-operative atmosphere among the members of institute.

**Objectives of The Green Campus:** the main objective of the policy is to make the campus free of pollutions and to fill the campus with greenery. The institute feels that the greening the campus is not only to plant trees but also to sweep away wasteful inefficiencies and using conventional sources of energy to reduce pollution.

### **Major Green Campus Initiatives:**

1. Rain water harvesting.
2. Displayed notice for the restricted entry of automobiles.
3. Plastic free campus.
4. Tree plantation drive.
5. Cleanliness drive.
6. Landscaping.
7. Promote to use bicycles.
8. Pedestrian friendly pathway to reach the institute.

The institute makes and will make all the necessary effort to involve the students, faculty in staff in Green Campus initiative, to work hand in hand to established greenery not only in the campus but also the outside the campus.

**CIRCULAR**

Chandrapal Dadsena govt. College Pithora as an educational institute is conscious of its responsibility towards preservation of the environment. In order to keep the campus clean and pollution free, and with an intention to contribute into the national and global objective of environmental sustainability at large, this circular is issued with the following guidelines for all the staff members and students.

**A. Guidelines to make the campus pollution free:**

1. bicycles are the cheapest means to the reach the college. The students and staff are requested not to use a motorbike or a four-wheeler, but use the bicycles to travel and to reach the institute.
2. Use the bicycles properly and after use keep it in the given stands at the campus.
3. Battery operated vehicles should be used for approaching the college.
4. Private buses are available to come to the campuses from various locations at a very minimal charge. They can use this transport facility and avoid using own vehicle.
5. It is observed that students/staff walk down the roads. They are informed to use the pedestrian paths for a safe walk.
6. vehicle of students, staff members, guests, visitors and service providers (two/ three/ four/multi wheeler) are allowed inside the campus with a speed limit of 20 km/hr: preferably, the speed should be 10km/hr.
7. No vehicle (two/three/four/multi wheeler) with a high propulsion noise and carbon emission will be allowed to enter the campus.

**B. Guidelines to make the campus green, clean and plastic free:**

1. Single-use plastic used for items like grocery bags, food packing, bottles, straws, containers, cups, cutlery etc. should not be used in case, it has to be used only once. No plastic glasses should be used for drinking water; instead, the health-environ-friendly cardboard glasses can be used.
